

# EOS Defense Systems USA / EOS Space Technologies

## Company Description:

EOS Defense offers a family of fully stabilized remotely operated weapon stations that can be integrated on various vehicle platforms and used for different mission profiles. Our Remote Weapon Stations ensure full weapon readiness while the crew operate the system protected within the vehicle. All are designed with a high level of commonality and modularity to offer clients a flexible firepower solution, supporting weapons from 5.56 to 30mm.

EOS Space Systems is a global leader in the design, manufacture, delivery and operation of sensors and systems for space situational awareness (SSA) and space control. For over 35 years EOS has been directing energy beams to objects in space for applications including tracking, characterization, identification, communications, remote maneuver and missile defense.
